Director's Summary

Hayley Wainwright

It has always been my ambition to work with either children or in the field of drama and running this company allows me to fulfill both.

I help out on a weekly basis with children at my local rainbows and brownies; I am also a local guide leader running my own guide unit.

I have obtained a degree in creative and performing arts at Liverpool Hope University; I have seven years of experience performing at various venues including Crosby Civic Hall doing all roles including acting, directing and the technical side of the shows.

Mission Statement

Discovernplay Limited was started in January 2008 by Hayley Wainwright with the support of her family and friends.

Discovernplay Limited will provide local communities of Liverpool the chance to take part in drama sessions on a weekly basis and as party organizers we also offer children the chance to experience a fun drama party.

Discovernplay Limited will deliver an interactive program that will cater for the needs of all participants, it will be fun for children and at the same time will offer them learning in an environment where the children will be and feel safe and secure.

Discovernplay Limited does not provide qualifications so we can focus on the fun and relaxed element of its program. We will develop each child's self-esteem and confidence so that they can be a strong individual within their community. These services will be provided for children ages 5 to 18 years in a venue at the sole of the community. All of this will be achieved by involving the community in various aspects of the business and will be providing a warm and friendly place for young people to be. The children involved will have a lot of input into the running of the program to ensure it is creative and exciting for them as well as up to date.
